

Granular Deodorant - Cherry

AD 101

Description

This long-lasting granular deodorant is ideal for controlling odors in trash cans, disposal trucks, dumpsters, garbage dumps, sludge drying beds, and other high-odor areas. The granular formula absorbs liquids on contact, making it perfect for deodorizing while also helping control and remove small spills.

Where To Use

Granular absorbent for:

- Trash cans and dumpsters
- Disposal trucks and garbage dumps
- Anywhere liquid malodors linger

Features

- Excellent for outdoor use
- Fast-acting absorbent
- Powerful and cost effective
